

# WILDLIFE PROTECTION

## WE ALL CAN MAKE A POSITIVE DIFFERENCE

### ANADARKO IS COEXISTING WITH WILDLIFE FOR SAFE OPERATIONS

- Anadarko has constructed new nesting areas for raptors
- Supported the Rocky Mountain Raptor Program, which rescues, rehabilitates and releases injured birds of prey in the Rockies
- Provided secondary containment covers and cages and equipment to mitigate possible wildlife injury
- Installed netting on water pits to prevent wildlife from entering fluids

#### RECLAMATION AND WILDLIFE STEWARDSHIP AWARD

Recognized by the Wyoming Game & Fish Dept. in 2008

### SAGE GROUSE MONITORING PROGRAM

- Collared over 200 sage grouse hens in the Powder River Basin and Atlantic Rim areas
- Monitor migration patterns for future development plans and habitat enhancements

## HOW YOU CAN MAKE A POSITIVE DIFFERENCE

- **Join a conservation organization** to protect endangered animals and habitats
- **Minimize use of herbicides and pesticides**, as some animals are vulnerable to these chemicals in their habitat
- **Beware of animal crossings on highways**; slow down to protect them from injury
