## International Oil and Future LNG

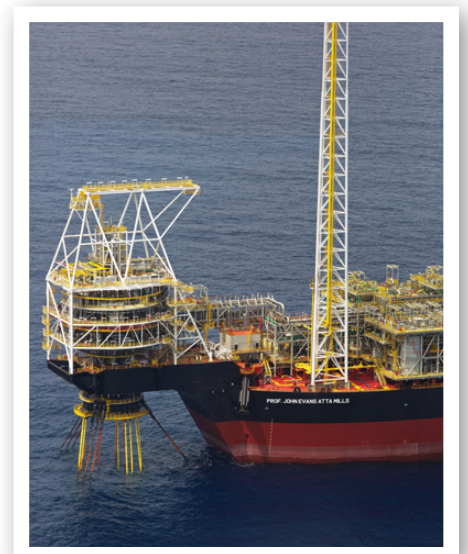

Anadarko is among the largest independent oil and natural gas exploration and production companies in the world. For more than 20 years, Anadarko has been safely bringing international frontier and deepwater basin discoveries on stream, on schedule and on budget. The company's success is a reflection of its ability to transfer knowledge and expertise from its U.S. onshore developments.

Anadarko's 4,500 employees are committed to safely producing the vital energy resources the world needs, in a manner that protects the environment and public health, and that supports the communities where we operate.
