

# GHANA

## FACT SHEET

### Our Mission

Anadarko Petroleum Corporation's mission is to deliver a competitive and sustainable rate of return to shareholders by exploring for, acquiring and developing oil and natural gas resources vital to the world's health and welfare. As of year-end 2017, the company had approximately 1.44 billion barrels-equivalent of proved reserves, making it one of the world's largest independent oil and natural gas exploration and production companies.

### Anadarko in Ghana

Since making the first deepwater oil discovery off the coast of Ghana in 2007, Anadarko and its partners have drilled around 70 deepwater wells in Ghanaian waters, finding significant success and bringing on line the Jubilee and TEN fields.

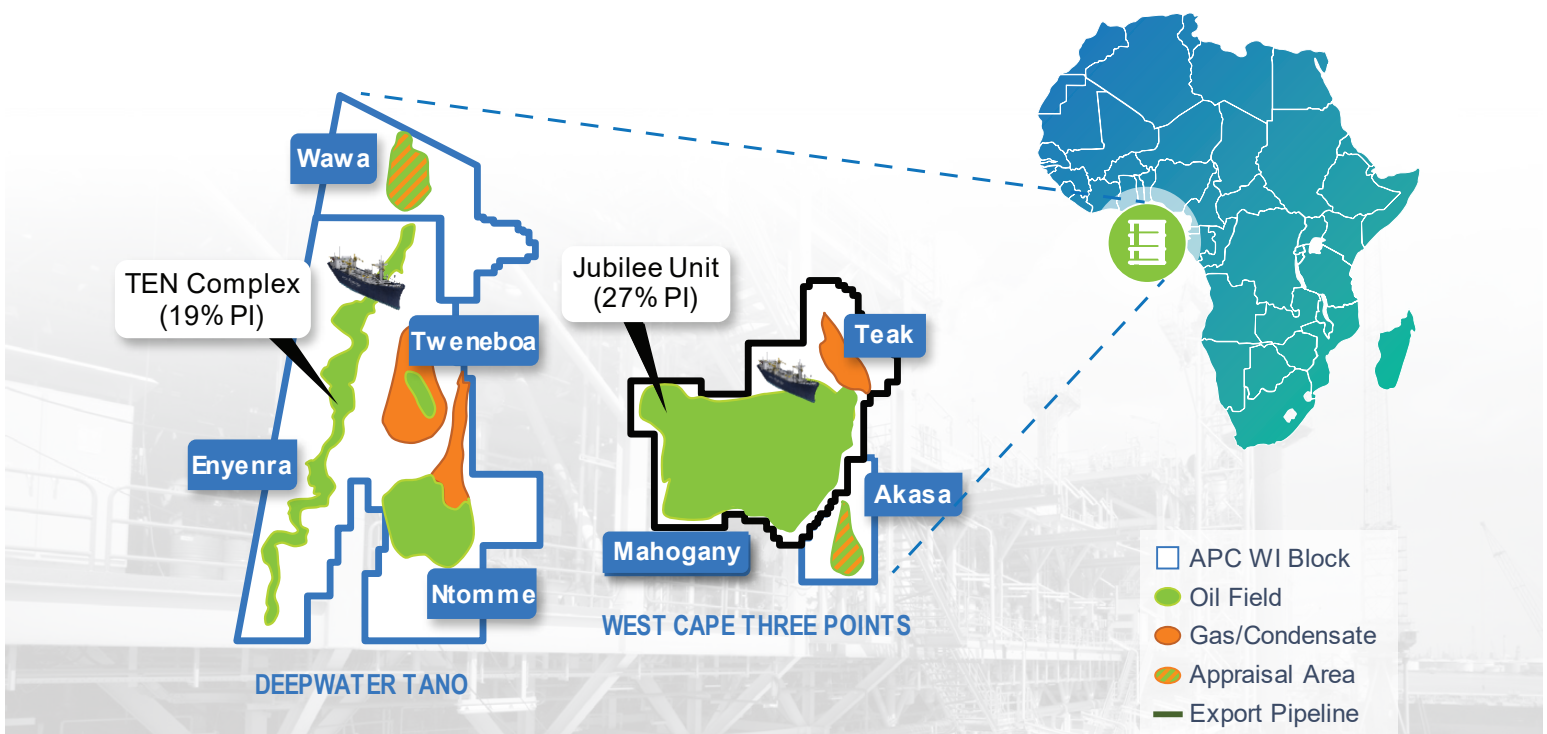

### Jubilee

The Jubilee field is located in the west cape Three Points block and averaged gross production of 89 MBbls/d of oil in 2017. In October 2017, the partnership received Ghanaian government approval for the full-field plan of development, with associated drilling operations expected to commence in 2018.

### TEN

The TEN project, which is located on the Deepwater Tano Block and includes the Tweneboa, Enyenra and Ntomme oil fields. It achieved first oil in the third quarter of 2016 and first liftings during the fourth quarter of 2016. The project averaged gross production of 56,000 Bbls/d of oil in 2017.
