

Integrated Operations Center FACT SHEET

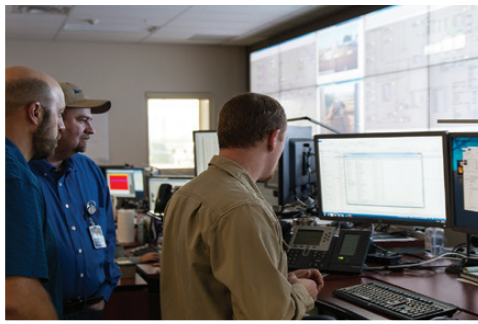

Our Mission

Anadarko Petroleum Corporation's mission is to deliver a competitive and sustainable rate of return to shareholders by exploring for, acquiring and developing oil and natural gas resources vital to the world's health and welfare. As of year-end 2017, the company had approximately 1.44 billion barrels-equivalent of proved reserves, making it one of the world's largest independent oil and natural gas exploration and production companies.

Enhancing Safety, Efficiency, Productivity and Compatibility in the DJ Basin

Anadarko utilizes leading-edge technology to advance safety, protect the environment and enhance the compatibility of its operations with local communities. Located in Platteville, Colorado, the Integrated Operations Center (IOC) is the pinnacle of monitoring and managing Anadarko's operations in the DJ Basin. As the operator of more than 6,000 wells in Weld County, Anadarko safely produces enough energy for more than 5 million American homes every day.

The Wattenberg IOC

- Is staffed 24-hours per day, seven days per week, 365 days per year
- Provides real-time remote-monitoring capabilities for 6,800+ wells and 3,700+ tank facilities
- Utilizes Smart Board technology to instantly view well and personnel locations and overlay surface features, sensitive areas, bodies of water, habitats and communities
- Applies state of the art oil, natural gas and water management to Anadarko tank batteries, facilities and pipeline infrastructure
- Immediately pinpoints issues associated with field alerts and alarms
- Enables employees to shut-in wells remotely
- Dispatches Anadarko personnel to a location within 5 to 15 minutes, depending on the response required
- Enhances collaboration with local emergency response agencies
- Eliminates 550 truck trips per day and their associated emissions due to remote monitoring and logistical efficiencies
- Supports broad communication and notifications for all field personnel
- Collaborates with Anadarko's Stakeholder Relations Team to address community concerns
